When I began taking Dr. Williams ink Pills," says Mrs. Nathaniel Field. St. Albans, Someonet county, Maine, was the palest most bloodless person at could transine. My tongue and gams are colorless and my fingers and ears are like wax. I had two dockers and toy pronounced by trouble amenin. I all spells of woulding could not eat, in act, did not date to, I had such distress for eating. My stomach was filled with as, which caused me awful agony. The relation is not the least exertion thade when the lat the worst of all was the relation. But the worst of all was the epittline neuralph bendance, which even left me for seven weeks. About his time I had had several numb spells for the fire worst heating and the could and without any feeling any the most deathly sensations would come over me. Thiracse girl right from Shanghal, who will be a student at the Randolph-Macon Woman's College for the next four years, given a private apartment in the new dormitory wing. Her name is Sien-Tsung Lok, which freely translated means Poisses Virtue. Her mission here is a most significant one, as her work of study at the Woman's College has all been mapped out for her, and she will pursue the A. B. course for four Norms at this college. Her remarkable work as a student of English in the McTreire School in Shinghal, China, has intracted the interested attention of Dr. Young J. Allen, who has been a mission-ary of the United States to the celestial given a private apartment in the new

# The Most Popular Chew Made

There is real enjoyment in chewing SCHNAPPS tobacco. That's why it has won millions of chewers every year, until now more is sold than all similar tobaccos.

SCHNAPPS, the most popular product of the Reynolds factories, is manufactured in the very heart of the Piedmont tobacco belt, known to the world as producing tobacco with an aroma so delightful and appetizing that it introduced and popularized the chew-

#### The Clean, **Pure Chew**

is manufactured by the cleanest and most healthful processes ever devised, under the direction of men who have made the chewing tobacco business a life study, and who have managed the R. J. Reynolds Tobacco Company since 1875.

Only choice selections of thoroughly cured leaf are used in SCHNAPPS, and expert tests prove that this class of tobacco requires and takes a smaller amount of sweetening than any other kind of tobacco grown - and that it has a wholesome, stimulating and satisfying effect on chewers, besides being the most economical.

There are a great many imitations claiming to be "just as good" as SCHNAPPS, but there is only one gen. uine SCHNAPPS. Be sure the letters on the tag, and under the tag, spell S-c-h-n-a-p-p-s. There are more pounds of SCHNAPPS chewed every year than the total amount of all similar kinds.

Internal revenue statistics show that SCHNAPPS and others of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or onethird of the entire increased consumption in the United States on chewing and smoking tobacco.

SCHNAPPS is made and sold everywhere in 5c, cuts and 10 and 15c, plugs,
